## **MESSAGE FROM GROUP ADVISOR**

It is with great pleasure that I address you through this business Monthly updates "UTKARSH" of IIMR, a vibrant reflection of the spirit and achievements of our esteemed management college. As we navigate the ever-evolving landscape of business and industry, I am confident that our institution remains at the forefront of shaping future leaders and innovators. Let's continue to foster a culture of excellence, innovation, and leadership, preparing our students for success in a dynamic world.

SHRI ARUN S. BHATNAGAR IRS
GROUP ADVISOR
SPARSH & IIST GROUP OF INSTITUTES

## **MESSAGE FROM PRINCIPAL - IIMR**

**DR. SUYASH JHAWAR**PRINCIPAL - IIMR

Utkarsh - IIMR Monthly Updates which is first publication of Indore Institute of Management and Research (IIMR), Indore aimed at providing latest knowledge of business to be shared with wider academic community. As we navigate the ever-evolving landscape of management education, I am proud of the dedication and innovation that permeates our college. We, at IIMR, are not just an institution; we are a vibrant hub of learning, innovation, and growth, and I am proud to be a part of this journey with each and every one of you. Let this 'Utkarsh' be a source of inspiration, knowledge, and connection for all of us. Together, we will continue to shape the future of management education and make a meaningful impact on the world.

## **MESSAGE FROM THE EDITOR**

It gives me immense pleasure to see UTKARSH evolve into a monthly publication, reflecting the creativity, commitment, and teamwork of our students. Each edition encapsulates not only global business insights but also the remarkable achievements within our college community.

I hope this platform continues to inspire curiosity, innovation, and leadership among our readers.

- Editor, UTKARSH

We're excited to present UTKARSH in its new monthly format! This edition brings you a curated mix of the latest business updates, innovative trends, and inspiring success stories from our very own student community.

Our goal is to keep you informed, inspired, and connected to the evolving world of business — one edition at a time. Thank you for being part of this journey as we continue to grow, learn, and celebrate excellence together!

## TOP NEWS HEADLINES

Index of Industrial Production (IIP) surged to 3.5% YoY in July-led by 5.4% YoY manufacturing growth.

India's industrial momentum is accelerating, with the Index of Industrial Production (IIP) rising 3.5% YoY in July 2025, led by 5.4% growth in manufacturing. Key industries like basic metals, electrical equipment, and non-metallic minerals drove the surge, supported by strong policy tailwinds from PLI, PM MITRA, and the National Manufacturing Mission.

Exports also remained resilient, with merchandise exports up 2.52% YoY to US\$184.13 bn (Apr-Aug 2025). Sectoral growth is robust—electronics manufacturing has expanded sixfold in a decade, pharma continues to reinforce India's role as the "Pharmacy of the World," automobiles are scaling globally, and textiles are gaining fresh impetus through PM MITRA Parks.

## Nvidia spends over \$900M to recruit Enfabrica CEO.

Nvidia made headlines this week with its largest talent acquisition deal yet, spending over \$900 million to recruit Enfabrica CEO Rochan Sankar and license the startup's networking technology. The transaction, which closed last week, demonstrates the chipmaker's aggressive strategy to maintain its dominance in artificial intelligence infrastructure while companies across Silicon Valley engage in an intensifying war for top AI talent.

# RBI sets cut-off rates in September

12 underwriting auction. The Reserve Bank of India (RBI) announced results of Sept 12 underwriting auction for government securities. For the 2030 bond, cut-off commission was 0.49 paise per ₹100, while for the 2055 bond it stood at 0.70 paise. The process, conducted under the Additional Competitive Underwriting (ACU) mechanism, ensures smooth subscription of government borrowing needs.

# How India's most literate state also became its most digital-literate.

What started in one district in 2021 became a state-wide initiative and has resulted in Kerala becoming the first state in the country that can claim to be fully 'digitally literate'. The state announced in August that every resident of the state can now use smartphones or other internet-connected devices for most everyday activities. While that might not seem surprising for a state that has the highest literacy rate in the country, the government found thousands of citizens across age groups and economic classes who were unable to confidently access basic digital services.

## STUDENT ACHIEVEMENTS

IIMR's MBA 2nd-year team — Rahul Kurmi, Shivam Kumar Singh, Govind Porwal, and Sumit Patidar — shone at the DAVV District-Level Chess Tournament, securing 4 wins and 2 draws. Team captain Shivam advanced to the individual stage, finishing 24th among 100+ players from 24 colleges.

Deepal Kothari, BBA III Year, brought laurels to IIMR by winning a Gold Medal in the 1st Indore District Rifle Shooting Championship and securing 2 Golds and 1 Silver in the MP State Shooting Championship. Her achievements showcase excellence and inspire fellow students in sports.

Kailash Joshi, MBA 2nd Year, brought pride to IIMR by winning a Gold Medal at the Indore District Weightlifting Team Selection Trials and earning selection for the Madhya Pradesh State Championship. His achievement reflects the institute's growing strength in sports along with academics.

### GST 2.0: Impact of Recent GST Rate Amendments in India

India's Goods and Services Tax (GST) system has undergone a significant overhaul with the introduction of GST 2.0, effective from September 22, 2025. The new structure aims to implify the tax regime, reduce compliance burdens, and make essential goods and services more affordable for consumers. These changes are set to impact businesses, consumers, and the broader economy in meaningful ways.

MR. MAYANK JAIN
ASSISTANT PROFESSOR

#### Streamlined GST Slab Rates:

Now, with the GST Council giving a green flag to new GST rates, here are the new GST slabs:

0%	Along with daily essentials, exemption now also includes personal Health and Life Insurance, exercise books & notebooks, and maps & charts.
5%	Packaged food, footwear, medicines, small household items, and other commonly used products.
18%	Packaged food, footwear, medicines, small household items, and other commonly used products.

Note: A special 40% GST slab is introduced for luxury and sin goods such as high-end cars and tobacco products.

#### Impact on Businesses:

With fewer tax slabs and clearer classifications, businesses can streamline their accounting and reporting processes. This will facilitate better financial planning and budgeting. The lower tax rates on essential goods can boost demand, benefiting small and medium-sized enterprises (SMEs) in these sectors. However, businesses dealing in luxury and sin goods may face challenges due to the higher 40% tax rate, potentially impacting their sales and profitability.

#### **Impact on Consumers:**

Items like food grains, medicines, and educational services now attract a 5% GST, making them more affordable. Making insurance premium tax free will help public at large. However, the higher tax on luxury and sin goods is a measure against unnecessary spending and discouraging unhealthy consumption habits.

#### **Economic Implications:**

The GST 2.0 reforms are expected to have several positive effects on the Indian economy. Lower taxes on essential goods can increase disposable income

leading to higher consumption levels. Simplified tax rates can make it easier for domestic manufacturers to compete with imports. The higher tax rate on luxury and sin goods can increase government revenue, which can be reinvested into public welfare programs.

#### **Conclusion:**

The recent GST rate amendments represent a significant step towards simplifying India's tax system and making essential goods and services more accessible to the public. While challenges remain, particularly for businesses dealing in luxury goods, the overall impact of GST 2.0 is expected to be positive, driving economic growth and benefiting consumers across the country.
